Policy Reminder, Price Changes, & Thank you!

Here's the latest news that will be going into effect on July 14th, 2025.

Policy Reminder

Please be mindful of how much you're putting in each bag. We don't use a full-size garbage truck - our crew and myself have to lift each bag by hand and toss it about 5 feet up onto the truck.

 Overloaded or extra-heavy bags can be unsafe and may be left behind.

Price Changes

Unfortunately, this change comes to additional price raises at the city dump that went into effect on July 1st, 2025. The price change doesn't affect the monthly, bi-annually, or annual rates that are currently set. Our quarterly rates will be increased from \$65 to \$75 every quarter (3 months).

All "Essential" plan customers will be updated to the current pricing structure of **\$25 a month**, **\$75 quarterly**, **\$135 bi-annually**, or **\$260 annually**. If you have automatic withdrawal payments currently set up with us, it will be automatically switched over on July 21st, 2025.

All customers who have quarterly automatic withdrawal payments set up and currently pay \$65.00 will be automatically switched over to the new rate of \$75.00 every quarter as well starting on July 21st, 2025.

All other automatic withdrawal payments set up will see no effect.

If you have any questions or concerns about this change, feel free to reach out to us at (270) 899-1995.

Thank you dearly!

I sincerely want to say thank you for supporting and helping us grow as a family-owned business. It means everything to us here at Nelson Disposal. If you have any questions or anything that raises concerns you can text or call me at (270) 899-1995, send me an email at (nelsondisposal@gmail.com), or facebook message (Andy Nelson, Nelson Disposal).

Thank you and here's to another great year!
